WORKING PAPERS

Military service across generations: veteran families and child dietary diversity in China
Zhen Yan, **Jingxuan Dong** & Yu Gan. Under Review.
Corresponding author: Jingxuan Dong

Paved Roads to Green Certification: Market Access, Organizational Capacity, and Agricultural Quality Upgrading
Zhen Yan, Chen Luo, Feifei Chen & **Jingxuan Dong**. Under Review.
Corresponding author: Jingxuan Dong

PRESENTATIONS

China International Rural Studies Conference 2024
Excellent Paper Award
"The Potential of ICT: Reducing Rural Residents' Cognitive Biases Towards Ecological Policies"

7th China Health Economics Development Forum 2024
Excellent Paper Award
"The Unseen Economic Forces of Pollution Disclosures on Dietary Decisions: A Quasi-Natural Experiment from China"

8th Marine Public Management Forum 2022
Third Prize
"Total Factor Productivity of China's Marine Economy: A Meta-analysis"

Guangdong Provincial Graduate Academic Forum June 2022
Second Prize
"China's Marine Economic Efficiency: A Meta-analysis"

AWARDS & HONORS

National Scholarship for Master's Students · Ministry of Education 2022

Outstanding Graduate Award · Hainan University 2024

Outstanding Master's Thesis Award · Hainan University 2024

Outstanding Master's Student · Hainan University 2022

Outstanding Bachelor's Thesis Award · Southeast University 2020

METHODS & SOFTWARE

Methods: Efficiency & Productivity Analysis; Macroeconomic Modeling; Statistical Analysis; GIS Applications; Econometric Modeling; Meta-analysis; Survey Design; Agent-Based Modeling (ABM).

Stata: Econometric estimation, statistical analysis, and data visualization.

ArcGIS & QGIS: Geospatial data processing, spatial analysis, and cartographic visualization.

GAMS: Computable general equilibrium (CGE) modeling and policy simulation.

Python: Data acquisition and processing, time-series forecasting, neural network modeling, and agent-based modeling (ABM) with Mesa.

LANGUAGES

Mandarin: Native proficiency · English: Academic proficiency (CET-6: 529)
